EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Joanna Mason on 6/7/07.

The application has been amended as follows:

Cancel claim 3.

In claim 1, line 9, after "be", insert --connected to a drain extension pipe which extends from the drainpipe--.

In claim 12, line 3, after "be", insert -- connected to a drain extension pipe which extends from the drainpipe--.

The following is an examiner's statement of reasons for allowance:

The closest prior art of record fails to teach or suggest the recited air chamber configured to be connected to a drain extension pipe which extends from the drainpipe. Independent claims 1 and 12 identify the uniquely distinct feature of said air chamber.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
